

the Inn at Lathones

*Helping to make your
wedding extra special*

Intimate weddings, anniversary parties and many other wonderful occasions. The Inn is the ideal venue from exclusive use to private rooms for every occasion. We don't do packages that suit us, we make programmes that suit you and make the day one to remember.

The Inn is well known for its quality and friendliness of service along with its award winning food and wine list.

We work with you to create menus that will wow the taste buds. We have wines that are amazing not just in taste but in value - ranging from the world's oldest grape varietal to the world greatest. These are chosen with you in mind and compliment the food to ensure you and your friends have a total experience.
